

## MATRAX GEL GREEN

### Description

Liquid hand cleaning gel.

### Application

It is a green-coloured product with a pH of 5.5, especially designed for hand cleaning, both in workshops and offices, where frequent hand washing is required, and a high-quality dermatological gel is needed. Free from any harmful elements in its composition, it acts on all types of dirt without irritating or damaging the skin.

### Technical characteristics

Moisturiser: hydrates and softens the skin, leaving a pleasant aroma after use

Disinfectant: formulated with cosmetic raw materials and disinfectant active ingredients, it keeps the skin soft and disinfected.

### Approvals and Recommendations

All packaging must be stored in covered facilities. In cases where outdoor storage is unavoidable, the drums should be placed horizontally to prevent the possible infiltration of water, as well as their deformation. Products should not be stored above 60°C, exposed to direct sunlight or low temperatures. We advise you to read the safety data sheet carefully for more information on its use and handling.
